

WISE: Women In Strategic Engagement

Join a global movement to shape the leaders of tomorrow.

Welcome to WISE!

WISE is more than a program—it's a movement to empower women to excel in leadership and entrepreneurship. By equipping women with essential skills, mentorship, and a powerful network, we aim to foster diversity, innovation, and sustainability across industries.

Join us to unlock your potential and inspire change!

What is WISE?

WISE is a pioneering initiative designed to:

- Increase the representation of women in leadership and entrepreneurial roles.
- Equip participants with critical skills and knowledge for boardrooms and beyond.
- Build a global network of like-minded professionals.

Program Length: 15 weeks.

Format: A mix of in-person and online sessions to suit your schedule.

“I started with dedicated pioneers: we broke the glass-ceiling by creating equality-laws, thus paving the road for female access to top decision-making roles. This was followed by women who had made it all (industrialists, investors, managers), who decided to mentor female talents in order to help them overcome the obstacles to the top.

And now it is the turn of WISE, offering a program aimed at empowering female talent to excel in leadership.

So: seize the opportunity to make dreams become true!”

Viviane Reding, former First Vice President European Commission has served as an elected member of national and European Parliaments for 25 years.

She was appointed as member of the European Commission for three mandates. First responsible for culture and education, then for telecoms and technological research and finally -as First Vice-President of the Commission- for justice and fundamental rights. In this role, she was the driving force behind the initiative to apply a 40% Gender Diversity Quota for all publicly listed companies, which ultimately led to the EU law on gender balance on corporate boards.

Today she sits on advisory-boards and on company boards of international companies, operating mainly in the field of digitalisation and technology. She is also board member of Foundations engaging in geopolitics, societal and legal affairs. She has been nominated “ambassador” for the development of the Capital Markets Union by the European Banking Federation. She is Vice-President of the executive board of the “World Law Foundation”.

What's in Store?

Through interactive sessions, you'll explore:

- Leadership Skills for the Future
- Navigating Challenges in Boardrooms
- Strategic Thinking and Decision-Making
- Networking and Personal Branding

Why Join WISE?

- Gain leadership and entrepreneurial skills.

Why Choose ICC for Leadership Training?

The WISE program, powered by ICC (International Chamber of Commerce), offers a unique approach to fostering leadership, boardroom, and entrepreneurial skills. As the world's largest business organization, ICC brings unparalleled expertise, a legacy of global advocacy, and access to practical tools that empower participants to thrive in leadership roles.

Practical, Actionable Leadership Development

ICC's WISE program bridges the gap between theory and practice by providing hands-on, real-world solutions tailored to the challenges women face in leadership and governance. Each module integrates ICC's global insights with strategies to address emerging trends in governance, sustainability, and financial management.

What Makes WISE Program Unique?

- **Real-World Application:** The program features ICC's globally recognized frameworks, tools, and best practices, ensuring participants gain skills that are immediately applicable to boardroom challenges and entrepreneurial ventures.
- **Case Studies and Best Practices:** Learn from success stories of women leaders who have used ICC tools and principles to drive measurable impact, promote sustainability, and transform organizational culture.
- **Interactive Workshops:** Each module includes hands-on activities, role-playing exercises, and group discussions to help participants translate concepts into actionable solutions tailored to their contexts.
- **Mentorship from Leading Experts:** The WISE program provides access to ICC's global network of professionals, including experts in governance, international trade, and finance, ensuring participants receive practical, experience-based guidance.

The WISE program is your opportunity to gain the skills, insights, and network to drive meaningful change in your organization and beyond.

Don't wait - be the leader you aspire to be.
